

**In celebration of the 2006 NATIONAL  
BIOTECHNOLOGY WEEK**

**10<sup>th</sup> APEC Workshop on  
Agricultural Biotechnology**

**Session A: July 3-7, 2006**

**Session B: July 10-12, 2006**

## 10<sup>th</sup> APEC Session A: World Status of Emerging Agribiotech Products and their Regulation

- Plant-made Pharmaceuticals-- USA/ Australia
- GM Functional Foods-- Australia/ South Korea
- GM Biocontrol Agents-- Canada/Russia
- GM Forest Trees-- China/New Zealand
- GM Crops for Hostile Environment-- Japan/CGIAR
- Transgenic Livestock for Pharmaceuticals— South Korea

## **Joint Sessions with the ASIAN Biotechnology Conference 2006**

- Plenary Opening
- Regional Collaboration Initiatives toward technology development and regulatory compliance (Bt eggplant, Bt potato)
- Business Opportunities (biotech drugs, biofuels, and bioindustries)

## **10<sup>th</sup> APEC Session B: Training on Genetic Resources, Biotechnology and Intellectual Property Rights**

- Access and Benefit Sharing of Genetic Resources
- Acquisition, Utilization, Generation, and Commercialization of Agricultural Biotech Crops
- Intellectual Property (IP) Laws, Management and Technology Transfer

## IP Laws, Management and Technology Transfer

- IPR laws, rules and regulations, treaties
- Drafting, filing and prosecution of patent applications
- Prior art search
- Managing IP for product development and commercialization
- Public agri research and IP protection: Issues and Options
